Preface

The Indo-China Philatelist is the official journal of the Society of Indo-China Philatelists and is published on a regular basis. The Society of Indo-China Philatelists is affiliate #38 of the American Philatelic Society.

The members of the Society of Indo-China Philatelists are dedicated to the study of the postage stamps and the postal history of Indochina. This index has been prepared to support those efforts.

Updating the index is the product of Kenneth Thompson's conscientious efforts. The society owes Ken a philatelic debt of significant proportions for his work.

This document consists of an Author's Index and a Title & Key-Word Index. References are indicated by the Whole Number issue in **bold type** followed by the page number in normal type.

It is hoped that this compilation will continue the tradition of providing the philatelic researcher with a subject guide through the issues of *The Indo-China Philatelist*.

Please report any errors and omissions to Editor, The Indo-China Philatelist.
